Well this is how the story goes  
It's never really been a one man show  
the muddy waters to roll the stones  
and I wish the truth below  
There's one kid driving all night in his car  
There's another in his room strumming his guitar

He don't do it for the money  
He don't do it for the heart  
It's a poor boy's dream

Well there's some out there chasing big bright lights  
you know fancy cars the finer things in life  
That's well and good but it don' mean much to me  
Well I hope you sleep sound when you close your eyes  
And when the sun goes down you know I'll come alive  
We'll hit the town  
just singing on that poor boy's dream

Poor boy's (oh)

Poor boy's (oh)

Poor boy's (oh)

Poor boy's (oh)

Singing that boor boy's dream

Poor boy's (oh)

Poor boy's (oh)

Poor boy's (oh)

Singing that poor boy's dream

Well all good things must come to an end  
When one man leaves off you know another begins  
A brand new song with a distant melody  
You may play for gold you may play for change

But if you listen close it all sounds the same

Like a thousand golds just singing on a poor boy's  
dream

Like a thousand golds just singing on one poor boy's  
dreams

Like a thousand golds yeah this is just a poor boy's  
dream
