I don't see how I take it
when all you do is yell and scream
I don't see how we'll make it
when I can see a change between us two
and I refuse to take another excuse
I just want you to understand me and
I just want you to understand me yea
Where I'm coming from, how I feel inside,
don't take long to swallow pride
before it's to late... so far, so grey ..
Whatever we have don't take it for granted no
cuz I'm not here to put on a show
I fall asleep, wake up, your still on my mind
Mom said it'll just be sometime to heal the wound
but I'm not used to
this I'm, pissed I don't wanna unstand my ground..
just to make things better
I just want you
(I want you to know that I don't want to fight anymore)
to understand me and
I just want you to understand me yea
Where I'm coming from, how I feel inside,
don't take long to swallow pride
before it's to late... so far, so grey ..
Everything seemed so grey
the same color as yesterday
I just want you to see where were supposed to be
were going through a really tough time in our lives
right now
and I'm trying to hold your hand but your slipping away
and you don't understand
Whatever we have don't take it for granted no
cuz I'm not here to put on a show
I just want you
to understand me and
I just want you to understand me yea
Where I'm coming from, how I feel inside,
don't take long to swallow pride
before it's to late... so far, so grey ..
Before its to late, oh it might be to late.. repeat
its to late..
