You could be my girlfriend (Hey, Yeah)

Hey baby it's been so long
You should be my girlfriend
Your man's so wrong
I'll take you to a place where we can be alone
What do you think about my hands on the back of your
arms
Baby what you like
I can do what he cant do don't think twice
Pop champagne, we can dance all night
Let Ty sing this song for the rest of night

[Chorus X2]

If you were my girlfriend
(You could be my girlfriend Hey, Yeah)
If you were my girlfriend
(You could be my girlfriend Hey, Yeah)
If you were my girlfriend
(You could be my girlfriend Hey, Yeah)
If you were my girlfriend
(You could be my girlfriend Hey, Yeah)
