Chorus :

Every time I see you girl my heart is inspired,  
Love is everything you're my only desire,  
I could do anything, even walk through the fire,  
'Cause you're my everything,

And I just need you, to fight for love x2  
To fight for love, to fight for love

Verse 1:

The first time I met you girl,  
I felt like we were alone in the world,  
Sweet little girl, big brown curls,  
I wanna cover your body with diamonds and pearls,  
I can see in your eyes that you're having a crush,  
And this is so fantastic,  
Butterflies in my belly, first time,  
It feels just like magic,  
Let me give you my love,  
Place me number one in your heart above,  
Everything you had, before this love,  
Put it away and let's fly like a dove,  
I know we too young, but my feeling is too grown,  
All this time and now I feel like I've been waiting too  
long,  
This is the sweetest thing, the craziest thing I've ever  
said,  
Just because I'm in it this the best romance ever told

Chorus :

Every time I see you girl my heart is inspired,  
If love is everything you're my only desire,  
I could do anything, even walk through the fire,  
'Cause you're my everything,

And I just need you, to fight for love

To fight for love, to fight for love x2

Verse 2:

Saturday night, you and I  
That's the way we like to do it,  
Go to the movies, together in the party,  
Show me how you dance on some good music,  
I can be the perfect lover,  
Everyday I send you flowers,  
Let give my French love,  
With some of this French kiss,  
Every time that I see you my heart boom,  
Like the beat and I lose my breath,  
I remember the first time you gave me that look,  
You smiled, and then, you left,  
I don't wanna be broken-hearted,  
I don't wanna lose my focus,  
I don't want you to disappear again,  
Just like hocus pocus,  
We were meant to be together,  
As this love was meant forever,  
I can give you my everything and I know,  
No one will love you better,  
Your world is my world,  
And my fight is your fight,  
Let me tell you this one time,  
Your body, your soul, your all, is mine

Chorus :

Every time I see you girl my heart is inspired,  
If love is everything you're my only desire,  
I could do anything, even walk through the fire,  
'Cause you're my everything,

And I just need you, to fight for love

To fight for love, to fight for love x2
