I think I'm falling in love
I think I'm falling in love!
Love love love love love

Verse 1:

You smile a lot
It makes me wonder what you're thinking of, cause
Baby you're always on my mind

Bridge:

And right now I want you with me, here by my side
With me till the end of time

Chorus:

I just can't help myself
I'm falling in love with you (love love, with you)
It doesn't matter what you say or what you do
No matter what you say, no matter what you do
Just give me a chance and I know I will make you
understand
Oh I just can't help my self
I'm falling in love with you

Verse 2:

Don't know if I
Should tell the world just how I'm feeling yet, cause
I wanna be sure you feel the same

Bridge:

You're all that I think about and you need to know
There's no other way, no no

Chorus:

I just can't help myself
I'm falling in love with you (love love, with you)
It doesn't matter what you say or what you do
No matter what you say, no matter what you do
Just give me a chance and I know I will make you
understand
Oh I, I just can't help my self
I'm falling in love with you

Verse 3:

(You must have been sent)
You must have been sent from heaven above
You're everything I've ever dreamed of
To good to be true, no I don't think so
(Baby, no)

Bridge:

Just give me a chance
And I know I will make you understand
Oh I, I just can't help myself
I'm falling in love with you
(I know it's love, it's gotta be love)

Fade Out:

I think I'm falling in love
I think I'm falling in love (x3)
