I'm so useless, so tell me something new.
I sit at home with nothing to do.
I lay in bed and sleep all day.
I'm a waste of life is what they say.
I don't like work cause i'm so useless.
I don't like school cause i'm so useless.
I don't know what to do cause i'm so useless.
And i don't like you, to me, you're useless.

Why do you push everything my way.
I'm gonna stay in bed and sleep all day.
Really nothing motivates me.
A waste of life is all i'll ever be.
I don't like work cause i'm so useless.
I don't like school cause i'm so useless.
I don't know what to do cause i'm so useless.
And i don't like you, to me, you're useless.
