He called me on the phone.
Said, "dude, it finally happened."
He told me that he got some head and i started
laughing.
I told him to stop lying. He told me he was not.
When he told me about the blow job that he got.

James got a blow job.
James got a blow job.

He said it was amazing.
Said it felt so good.
When he thinks about it, it still gives him wood.
He finally found a girl that was willing to suck.
Now he needs a girl to fuck.

James got a blow job.
James got a blow job.
James got a blow job.
