I had a friend, but he died.
He committed suicide.
Some bitch took him for a ride and he believed all of
her lies.
He was scarred by love.
Oh oh oh oh oh.
Scarred by love.
He was scarred by love.
And it made him end his life.

I knew a girl who loved a boy, but she was just his
sexual toy.
She found out that he used her for thrills and
overdosed on a bottle of pills.
She was scarred by love.
Oh oh oh oh oh.
Scarred by love.
She was scarred by love.
And it made her wanna die.

I loved a girl with all of my heart.
Then she went and tore it apart.
I found her in another's bed.
So i kicked in her pretty head.
I was scarred by love.
Oh oh oh oh oh.
Scarred by love.
I was scarred by love.
And now i wanna die.
