Go where winds are blowing
Inside house of love
Lift your head for a moment
Your bones are gonna turn to rust
Tell me all your secrets
Put your mind at ease
You can rest your body
Lean back, i've got the remedy

Oh lover
You just look away, you just look away
All i'm asking you is: I want you to stay

She told me to make love easy
Take life as it comes
And if you don't get to love me

Another man surely would
In my final hours
With my final breath
I'll tell her that i love her
And live with no regrets

Oh lover
You just look away, you just look away
All i'm asking you is: I want you to stay
2x

Solo

Oh lover
You just look away, you just look away
All i'm asking you is: I want you to stay
2x
