Mary... Mary...

She takes me so far away
Mary really makes my day
Me and her connect in a passionate way
She is there when I need her
I will never leave her
No, because she takes me so far away
Mary really makes my day
Me and her connect in a passionate way
In a passionate way yeah..

Rise inna di morning when I get a cup of tea
Just believe I got Mary sitting right next to me
Always need a inner deficiency?
She grow inna die hills and she is a natural Beauty
I love her sweet of arome
Her perfume is why I love when she come home
She fully ?up and take? the burdens of my shoulder
I watch her grow when she was young and now she is
older

She takes me so far away
Mary really makes my day
Me and her connect in a passionate way
In a passionate way yeah..
She is there when I need her
I will never leave her
No, because she takes me so far away
Mary really makes my day
Me and her connect in a passionate way
Hmm.. in a passionate way yeah..

Mary eases the mind and her love is like a medicine
I need her all the time I know
Mary inspires, Mary has got the vibes that the massive
require..

The massive desire.. ehh!
When she is gone, I lose my mind
When she comes she brings the sunshine

She takes me so far away
Mary really makes my day
Me and...connect in a passionate way
She is there when I need her
I will never leave her
No, because she takes me so far away
Mary really makes my day
Me and...connect in a passionate way
Hmm.. in a passionate way (way)

Hear again

Rise inna di morning when I get a cup of thea
Just believe I got mary sitting right next to me
Always need a inner deficility?
She grow inna die hills and she is a natural Beauty
I love her sweet of arome
Her perfum is is why I love when she come home
She fully apeatake? the burdens of my shoulder
I watch her grow from she was young and now she is
older

And she takes me so far away
Mary really makes my day
Me and her connect in a passionate way
She is there when I need her
I will never leave her
No, because she takes me so far away
Mary really makes my day
Me and her connect in a passionate way
Hmm.. in a passionate way (way)
In a passionate way..
