[FayBN]

God forgive me I've fallen
Just like the sun of the morning
I let my pride get the best of me
Depression got the rest of me 'til I was like New Orleans
You let it storm 'til I was battered and torn
Then You blew me away so the wicked me wouldn't
form
Now I'm humbled; Recognizing only You deserve the
praise
And I surrender all to You so you can make a change
So I do this for my future kids, future wife
Future destination that will lead me to my future life
Cause I don't want them to go through the same pain
That my family had to go through cause we rejected
your name
So Jesus! I'm-ma say it real loud
So demons could tremble at the sound
Of the God I'll be following
The only one that's promising eternal life
And destination that I've gotta see

[FayBN]

I'm heading to my destination
No matter what I'm facing
I got some forks in the road
Don't know which way to go
So I'm patiently waiting
For gotta get me the signs
So I could make up my mind
I gotta give all away
Suffer through the faith
Til that day I will arrive
Until the day I will, the day I will, the day I will arrive

The only thing that's holding me back is me
The way my mind was running had my heart impede
I couldn't let my walk with Christ deplete
So I clicked on the devil and I pressed delete
Seeing all the ways I've chosen
Hearing all that was spoken

I had to trust in God for the Creator is my focus
Running from the lust, from the pride and the locust
The Salvation, my presentation I will show it
Yeah, I need to wake up; I need a savior!
We need to unify for Peace, our maker
Like Moses and Aaron did, let's give the good news
Let's turn from old ways and make them brand new
So, as you're running like I was in those mazes
Remember Jesus Christ in trials of those phases
I can't progress without an ounce of His grace man
The destination, the foundation where His grace
stands
Everyday's a new day, make this one your best one
In the way you told your wifey that she is the only one
In the way you told your hubby that he'll be the only
one
And when you follow Him the war has been already won
Blessings to your household the angels bringing you a
Psalm
Of trust, patience and humility
And when you add the unity with the diversity
It will equal to the Kingdom, the university

[FayBN]

I'm heading to my destination
No matter what I'm facing
I got some forks in the road
Don't know which way to go
So I'm patiently waiting
For gotta get me the signs
So I could make up my mind
I gotta give all away
Suffer through the faith
Til that day I will arrive
Until the day I will, the day I will, the day I will arrive
