I wanna go from this place, rejected
I want to buy something new in the shop, refused
Everything that was i did in this place, make me bored
I want to go to take my holiday, it always ignored

Ignored, refused, rejected, a dailly things that i got!
I am angry, lam tired, and I am bored, under pressure
Ignored, refused, rejected, a dailly things that i got!
I am angry, lam tired, and I am bored, under pressure

Everything that was i did in this place, make me bored
I want to go to take my holiday, it always ignored

Ignored, refused, rejected, a dailly things that i got!
I am angry, lam tired, and I am bored, under pressure
Ignored, refused, rejected, a dailly things that i got!
I am angry, lam tired, and I am bored, under pressure

Did you ever think what in my head
Did you ever think what in my mind
I wanna say you mother fucker shit you FUCKING OFF!
