i can only take so much of all the shit life throws at me
soon i'm gonna go insane and kill you all and then kill
me

i hate to wake up in the morning
my fucking life is so goddam boring
apathy has taken the best of me
now sickness takes the rest of me

annihilate the church and state,destroy everything you
hate /
kill the cops and burn the school,prove to them you
ain't no fool /

i am always so burnt out/ i'll never get up off my ass
i'll never find a fucking job/ i'm content being a lazy
slob
one day i will steal a gun/ go to town and have some
fun
shoot a couple hundred cops/ KILL KILL KILL 'til the day
is done

annihilate the church and state, destroy everything you
hate
fight the man, steal the town, bring the fucking system
down

(insert STZA)-

so i came home to find my son,
he shot himself with daddy's gun
instead my head a panic shape,
cause he always rocked the no-cash tape
i called the church and called the state
i told them of annihilate,
the judge said that my ship was sank,
so, i cried all the way down to the bank

annihilate the church and state, destroy everything you
hate
kill the cops and burn the school, proove to them you
ain't no fool
annihilate the church and state, destroy everything you
hate

kill em all, one by one, when they're DEAD, you have
won
