Listen, I'm done
I don't want you anymore
Get up, get out
Or I will force you through the door
Confined, contained
I can't hide this anymore
Innocent girl
Has become the monster
Become the monster
Tidal waves won't bring her down
She has set her sights on me
And she won't be done until I'm dust and bones
Tidal waves won't bring her down
She will never let me be
I'll be on the run until I'm dust and bones
Could you wake up?
I'm not who you think I am
Face it, we're done
It's more shit than I can stand
Confined, contained
You would bury me alone
Lid on, nails down
If you can't have me no one will
No one will
Tidal waves won't bring her down
She has set her sights on me
And she won't be done until I'm dust and bones
Tidal waves won't bring her down
She will never let me be
I'll be on the run until I'm dust and bones
Until I'm dust and bones
