In Vain, I found you
I need your sweet embrace
Stay, get me through
This catatonic phase
She's underneath me
My Perfect Enemy
She's waiting for me
My Perfect Enemy
Wait, this moment
Are you on my side
Wait, this moment
You just don't feel right
She's underneath me
My Perfect Enemy
She's waiting for me
My Perfect Enemy
I don't want to be another
I can't let this take me down
I can't face this world around me
You've become my perfect enemy
In vain, I found you
I need your sweet embrace
This rage inside me
Will need just one last taste
She's underneath me
My Perfect Enemy
She's waiting for me
My Perfect Enemy
