She said "you're allowed to look  
And you don't have to buy  
Cause we have a new policy  
There's no need to decide"

I remember something  
That someone said  
A warning running through my head

I told you  
I told you so  
I told you  
I told you so

She said "We should leave this hole  
And go back home to mine  
These cold nights have me so distraught  
That you should come inside"

Don't tell me why  
Please don't try  
I won't let you get  
Inside my head

So we're not gonna see  
What you could do to me  
And we won't have to hear  
Those words we fear

I told you  
I told you so  
I told you  
I told you so

Soon my will won't stop  
What I wanna do  
And now you're in my arms  
And I'm letting you  
So soon my will won't stop  
What I wanna do  
And now you're in my arms  
But I won't change my mind for you

I told you  
I told you so  
I told you  
I told you so

She said "All your resistance  
Is fucking with my mind  
We could dance around with this  
But I don't have the time"

Don't tell me why  
Please don't try  
I won't let you get  
Inside my head

So we're not gonna see  
What you could do to me  
And we won't have to hear  
We're not gonna hear  
Those words we fear

I told you  
I told you so  
I told you  
I told you so  
I told you  
I told you so  
I told you  
I told you so
