## Chorus

Hold up, lets be straight with you  
I think your mama now is pretty cool  
She's not like any other girl before  
She's all I wanted and even more  
So I wanna get down,  
So I wanna get down, ugh,  
I wanna get down, and naked  
I wanna get down, wit yo mom..

## Verse 1

Your mom is all I ever need, I just wanna grope her up  
and plant my seed  
When I'm hungry, she feeds me food and I get that  
sorta feeling like I had just pood  
I just really, really like your mom, when I come over, I  
just gotta get me some  
Sorry man, I'm just speaking the truth your mom is the  
candy, and I got that sweet tooth

## Chorus

## Verse 2

Ya, I remember when I first saw her, sunny day, heat  
wave, fresh from the border  
She was packing your lunch, you were going to school,  
I was feeling crazy, acting like a fool  
But then I, knocked on your door and everything  
changed, I never knew things in my shorts could ever  
re-arrange  
And from that day, I would never be the same, I was  
intoxicated by your mama let me explain
