Even when the sky is falling down
Even when the earth is crumbling 'round my feet

Even when we try to say goodbye
And you can cut the tension with a knife in here

Cause I know what'll happen
If we get through this

If the earth ends up crumbling down to it's knees baby
We just gotta get out
We just gotta get out
If these skyscrapers, tumble down and crash around
baby
We just gotta get out
We just gotta get out

I feel so damn lost
And it comes with the cost of being alone

Everything is falling down
We're suffering, helpless thoughts and
Out we sing, prayers go to the sky

If the earth ends up crumbling down to it's knees baby
We just gotta get out
We just gotta get out
If these skyscrapers, tumble down and crash around
baby
We just gotta get out
We just gotta get out

If we fall
It's not your fault
Shadows covering
Our selfish foes
As our love,
Can go out on a high note

Even when the sky is falling down
Even when the earth is crumbling 'round my feet
Around my feet

If the earth ends up crumbling down to it's knees baby
We just gotta get out
We just gotta get out
If these skyscrapers, tumble down and crash around
baby
We just gotta get out
We just gotta get out

If the earth ends up crumbling down to it's knees baby
We just gotta get out
We just gotta get out
