Verse 1

I've been foaming for shawty for bout an hour now
I can tell its been that long just looking at her body
Cause her body shape just like an hour glass
I bet she book smart
with a lot of class.
The independent type, just what a nigga like
*uck around Imma have shawty as my wife
Ain't just saying it cause I've been on them red stripes
I'm simply saying I can picture me with her for life
She the type of chick even my momma like
We go out to eat she say order what you'd like
Everything on me baby aight
A straight go getter bank account six figures
She don't plow for nuggets she ain't no gold digger
Only thang she searching for is a real nigga
That's why she chose me
A certified g
And a beast definitely dogg in the sheets.

So gone wipe them crocodile tears out your eyes

Guarantee she the baddest thing
Look in her eyes you'll see green
Like a bag full of money
Long hair down to her back
With all that baggage she must shop at gap
Picture perfect smile for a Kodak
