Now I said who do you think you are?  
You're a cheating, lying thief that stole my heart  
See, I know you. I took you apart  
We live and we love and we learn and begin back  
where we started

When you gonna learn to change your ways baby?  
Haven't you heard, they've numbered your days

Just another fool left crying  
You keep saying you've got to go  
I'm just another old news item  
Waiting on some change to grow  
If you want a new man, find him  
But don't you let me think you care  
I'm just another fool left trying  
And nothing I can do is gonna put you near

Don't touch me now if you're gonna touch him then  
Little girl I've been around and I know what's innocent  
Does it hurt your pride when I look for free?  
I see beyond that smile and I know who you choose to  
be

And I get seasick approaching your shore  
A certain kind of sickness girl  
You can't help but abhor

Just another fool left crying  
You keep saying you've got to go  
I'm just another old news item  
Waiting on some change to grow  
If you want a new man, find him  
But don't you let me think you care  
I'm just another fool left trying  
And nothing I can do  
Nothing I can do girl

Just another fool left crying  
You keep saying you've got to go  
I'm just another old news item  
Stickin around, stickin around, stickin around now

If you want a new man, find him  
But don't you let him think you care  
I'm just another fool left trying  
And nothing I can do is gonna put you near
