With the way I see it  
No one else will do  
And if you want to believe it  
Tell yourself were through  
Make sure you don't regret it  
That way I held you close  
One day you might forget it  
The way I need you most

I need to get a little better  
I need you to say you'll stay  
I replay it over and over  
I can't let it end this way  
Cause I want you baby

Would you call me crazy  
If I took your hand  
And told you that maybe  
I could understand  
If you can honestly say  
That it's all passed by  
Then amuse me today  
With your reason why

I need to get a little better  
I need you to say you'll stay  
I replay it over and over and over  
I can't let you feel this way  
Cause I want you baby

If you can honestly say  
That it's all passed by  
Girl your honesty I appreciate  
But I need your lie

How do I make myself better?  
How do I keep away?  
I replay it over and over  
And you let this end in pain, pain, my pain  
I'm forced to see the world  
Every inch of this earth  
Through my crying eyes
