(Verse 1)

If I told you that I love you
Would you tell me that you love me to
You see I'm giving it all I got
But whether you say or not
The choice is up to you

(Verse 2)

Time's gone by
So fast
On the nights that we
would give everything
To make it all seem,
Like this would last
'Cause girl...

(Chorus):

When you smile,
yeah
Thoughts blow through my head
like a hurricane
And every single night,
I think you and that will never change
You, you
You, you

My heart is telling me that this is real
It's everything you do,
I can't explain the way you make me feel...
You, you
You, you

(Verse 3)

If I got you this diamond ring
Would you tell me that you'd marry me
See, I'm giving you all I got
And I know that you'll take the shot
to spend your life with me

(Verse 4)

And I know that we'll,
Go so far
All this bad weather, is gonna get better
No nothing will spread us
as long as I'm with you
'Cause girl...

(Chorus):
When you smile,
yeah
Thoughts blow through my head
like a hurricane
And every single night,
I think you and that will never change
You, you
You, you

My heart is telling me that this is real
It's everything you do,
I can't explain the way you make me feel...
You, you
You, you

(Verse 5)
And all I need is just
A little bit more, of your company
'Cause of every single dream I dream
It's you I see
You're everything, to me

(Verse 6)
And all I need is just
A little but more of your company
'Cause of every single dream I dream
It's you I see
You're everything, to me

(Chorus):
Thoughts blow through my head
like a hurricane
And every single night,
I think you and that will never change
You, you
You, you

My heart is telling me that this is real
It's everything you do,
I can't explain the way you make me feel...
You, you
You, you
