Verse 1:

I don't know why I try to be so different around you.
I sometimes hope it'll just come so soon.
But I know I've said way too much before, making you
walk right
Through the door.

Chorus:

I've been waiting here to see if I could, show you the
real me.
Even though I know it may never show,
Everything I do to be,
Together With You.

Verse 2:

My friends keep telling me I should just,
Forget about you. But that's not what I wanna do.
I just stop and think what else can I do,
To get through to you?

Chorus:

I've been waiting here to see if I could, show you the
real me.
Even though I know it may never show,
Everything I do to be,
Together With You.

Bridge:

I don't know why I just don't cry maybe 'cause
I'm ashamed of the feelings I hide.
All I could do is tell you,
I Care For You.

Chorus:

I've been waiting here to see if I could, show you the
real me.
Even though I know it may never show,
Everything I do to be,
Together With You.
