Abel Miller verse

We don't have no time to waste
We're gonna do this my way,
Im gonna give you just what youve been waiting for
Make you wet, girl when it rains it pours
We're having sex, but girl don't fall in love

Chorus:

Girl your sex is the best just know that i am not enough
I aint even in love with you,
Just having sex girl i can't get enough
I aint even in love with you

Baby don't fall in love (fall in love) 2x

R.A.E. verse

Dang girl you're lookin fine,
lets spend a night together imma take you from behind
But don't do nothing stupid, like fallin in love
Cuz its just one night, imma take u then go
But i don't want a relation, i just came to f*ck
Let's go to a room i just wanna live it up
Imma take you then i go home
then i don't wanna see you no more
i aint even in love with you

Abel miller

Baby don't fall in love (fall in love) 4x
Im gonna give you just what youve been waiting for
