"Not the only"

Lying awake, alone in my bed
Voices are calling from inside my head
You'd be surprised, if you knew what they really said

From my dark rooms, I've shut the world out
I hide from the world can't you see,
(it's) too painful to talk about
I'm not what I used to be

Some things we leave alone
And wish that we'd never known
And sometimes we go too far
To hide our scars

I am not the only,
the only one who runs
No, I am not the only one
And when it's down
to wire we all run
I'm not the only one

Break down the door;
let in the light
I'm not the same anymore,
I have to come clean you know
These loose ends just got to go
