

## Nocturnal Rites "Vengeance"

Visit "[Vengeance](#)" on MotoLyrics.com

Into the void, an image of nothing is fading  
The venomous grey, dissolves into pieces of me  
The carrion calls, entices the pest, they're falling  
The Charon he waits  
But no one can see the flames at sea

I'll have my vengeance  
My kingdom come  
I speak in silence  
Last mind astray, lead me the way

Flames over ice, the visions are false

Wiat for my vengeance  
See how it dies, outside the walls  
The memory purged from my eyes  
My vengeance calls

Aeons ignite, inflicting the visions forsaken  
Begotten in sin  
The womb holds the souls that will be  
The ravenous hole, swallows the dirt it has taken  
Even in death, a dead man is never free
