Visions-From-Beyond-The Grave
Communicate with the dead.After life
Communicate wit the dead.After Death
Asking questions, through my crystal ball
Now we'll see,what lies,from beyond
The dead will arise
When i invoke
Communicate with the dead.After life
Communicate wit the dead.After Death
Asking questions, through my crystal ball
Now we'll see,what lies,from beyond
The dead will arise
When i invoke
Them through
My crystal ball
Follow me so you can see visions from beyond the
grave
Now become nocturnal slaves
{Repeat 1 Time}
