Walls, you can build them all around
Just to shield a piece of your world out of sight
And I needed you to look through
To the shadows I tried to bury inside
Drawing them out to the light
You showed me I got nothing here to hide

Now I can be who I am
Now I can stand up for everyone to see
Taking this life in my hands
Now I can be
Now I can be the real me

Free, of defenses, finally
And I'm somehow
safer than I've ever felt

You, tend to be you
Now I know I don't have to be someone else
When I'm with you, I'm just myself

Now I can be who I am
Now I can stand up for everyone to see
Taking this life in my hands
Now I can be
Now I can be the real me

Now I can be the real me
Now I can be the real me
Now I can be
Now I can be the real me

Walls, you can build them all around
But you showed me I've got nothing here to hide

Now I can be who I am
Now I can stand up for everyone to see
Taking this life in my hands
Now I can be
Now I can be the real me

Now I can be the real me

Now I can be the real me
Now I can be
Now I can be the real me
