As you walk away I could not see
Darkness pushes in and down on me
Youâ€™re out somewhere with him instead of me
Iâ€™m trying to hang on so desperately

Take me as I am
I am just a man and my love for you wonâ€™t fade
As you walk away

As you walk away, how was I to know?
My world crashes in, Iâ€™ve fallen in the hole
The way youâ€™ve done me wrong
Iâ€™ve lost all control
Holding onto you but still you go

Take me as I am
I am just a man and my love for you wonâ€™t fade
As you walk away

I long to hear your voice
Youâ€™re here but canâ€™t be found
Reflections ache
Manipulate
Echoes of the heart beat loud

As you walk away I could not see
Iâ€™m trying to hang on so desperately

Take me as I am
I am just man and my love for you wonâ€™t fade
As you walk away my love wonâ€™t fade
As you walk away my love wonâ€™t fade
As you walk away
