You have got me where I don't know what I'm doing
You hold my heart in your hands
Now I'm lost in a world of your illusions
I try to break away but I can't

'Cause when you touch me I go crazy
When we kiss you complicate me
And my heart beat stops

Then you love me like a zombie
I don't know what you've done to me
But I can't get enough

I'm hypnotized when I look in your eyes
Hypnotized ever since I met you
I've been hypnotized by your lies
When you say that you love me

I am sick and tired of going 'round in circles
You either want this or you don't
I should've known from the start that you were trouble
Now I've entered the danger zone

'Cause when you love me it feels empty
You might hear but you're not listening
This is just too much

Yet every time you come around me
I forget what you've done to me
I'm still caught in your clutch

I'm hypnotized when I look in your eyes
Hypnotized ever since I met you
I've been hypnotized by your lies
When you say that you love me

Yes I'm hypnotized when I look in your eyes
Hypnotized ever since I met you
I've been hypnotized by your lies
When you say you love me

You say the words but you're pretending

Now there is no happy ending
And I've had enough

'Cause when you love me it feels empty
You might hear but you're not listening
This is just too much

Hypnotized by your lies
Hypnotized, hypnotized

Hypnotized by your lies
Hypnotized, hypnotized

Hypnotized by your lies
Hypnotized, hypnotized
