I wanna run 'til my feet start bleeding
I wanna make it all the way to the ocean
I wanna live for life and no other
Cause I don't ever wanna be like my mother
I wanna learn to walk on the water
Cause I don't wanna be like my father
I have a sister and I got a little brother
And I don't ever wanna be like them either

Uh uh Uh
Feral

I had a place I'd go in the garden
Where I'd pretend that nobody made me,
Watch the sun going down on the day like a
Gentleman going down on a lady
And I had friends who would come and meet me
And we would stay 'til early evening
Singing, "we're not gonna die away so easy
We're not gonna die away die away, no"

Uh uh UH!

I'm not scared to walk like a lady
And I'm not scared to cry like a baby
I'm not scared I'm not scared I'm not
I'm not scared I'm notâ€¦!
