"Look, Luck"

Visit "[Look, Luck](#)" on MotoLyrics.com

I am out of change
Terrible and strange
Under a fake blue sky

You're spinning out of sight
I been up all night
But every road leads here

Look, luck
Do not disappear
I can almost hear you trying
But luck
Do not disappear
You're the only one that's left to love

So much love
You can't pay in love
Talk to the big machine
Please
I pawned my ring
I'll do anything
In hope of a little

Luck
Do not disappear
I can almost hear you trying
But luck
Do not disappear
You're the only one that's left to love
