"Stolen Thing"

Where in the hell is big blue eyes?
Where's your virginity?
By the side of the freeway
I lost it recently
Oh it didn't take so long
Oh it didn't take so long
Oh it didn't take so long
I am a stolen thing

I have a dream of big blue eyes
In my hand is a genie
You know he wouldn't ever wanna surprise no one
Singin' "little girl little girl set me free"
Oh i know what he means
Oh i know what he means
Oh i know what he means
I am a stolen thing

Don't ever cry in the pouring rain
Never lie to a pirate king
He will beat you at your game
Make everything everywhere scream and sing
Oh you make it get so good
Oh you make me get so mean
Oh you make it get to good
I am a stolen thing

By the rumble of the roaring rain
By the holes that it drills in me
I was naked as a blue jay
By the side of the freeway
Oh i was dancing slow
Oh i was dancing free
Oh i was dancing slow
And this is the dance of the stolen thing
