I cut off my red hair
You need me
Entertain my friends
They hate you

This little breath on yours
Don't touch me
We are strangers
But your jacket, face, shoes are not

Chorus:
I said boy, oy , oy
I said boy, oy, oy
(Boy)
Let your sweet eyes invite me
The color just strikes me

I said boy, oy , oy
I said boy, oy, oy
(Boy)
Let your sweet eyes invite me
The color just strikes me

Get easy on my feet
Flying high
Moving closer, I can't breathe
Stay this time (stay this time)

Chorus
