"You don't have the guts to be what you wanna be...you need people like me...you need people like me so you can point your fucking fingers, and say 'That's the bad guy'"

Rally! You better come up tonight.

Rally! We're gonna go to a fight.

Rally! Some of you come on your own, Oh Ooh.

Rally! Somebody lay on home.

And I said "Oh my god I think I should have run" (Oh, oh, oh my god)

Bones are broke, shirts soaked in blood my brain is going numb, oh.

I pray Jesus Christ is at my side.

Please god give me one more chance, I'm sorry but I tried.

I'm making plans to make amends, with all my enemies,

Don't wanna fuss and fight no more.

I'm seeing past to pass, and I, I see the future up ahead,

But I ain't ever going home.

Rally! You better come up tonight.

Rally! We're gonna go to a fight.

Rally! Some of you come on your own, Oh Ooh.

Rally! Somebody lay on home.

And I said "Oh shit, what the fuck is going on"

All my friends have disappeared, the odds are 10 to 1,
oh.

A 3rd family is all I lack.

Once you cross the line know that there ain't never
coming back, oh.

I'm making plans to make amends, with all my
enemies,

Don't wanna fuss and fight no more.

I'm seeing past to pass, and I, I see the future up
ahead,

But I ain't ever going home.

Can you feel, there's music everywhere,

illScarlett's moing up te rank (the music, the music...)

Can you feel, there's music everywhere,

illScarlett's taking it to the bank. (bank, bank...)

Can you feel, there's music everywhere,

illScarlett's moing up te rank (the music, the music...)

Can you feel, there's music everywhere,

illScarlett's taking it to the bank, bank, Bank, BANK!
PAA!

(jamaican dub)

Oh shit, what the fuck is going on.

Bones are broke, shirts soaked in blood my brain is
going numb, oh.

A 3rd family is all I lack, BU BU BU!

Once you cross the line know that there ain't never
going back, oh.

I'm making plans to make amends, with all my

enemies,

Don't wanna fuss and fight no more.

I'm seeing past to pass, and I, I see the future up
ahead,

But I ain't ever going home, oh ooh oh.

I'm seeing past to pass, and I, I see the future up
ahead,

I'm seeing past to pass, and I! oh ooh oh

I'm seeing past to pass, and I, I see the future up
ahead, but I ain't ever going home.

ooooh.
