We had fun, got love  
We'd kiss for hours, we couldn't get enough  
It ain't the same without you

But anyhow, I'll be alright  
Cause that was then and this is now

You tore me up  
And broke me down  
Gave you my kingdom  
You had to wear the crown  
Our love is fiction and baby that's a fact  
Made up my mind and now I'm never coming back

Fuck this, I'm done  
Tryin' to be what you want  
Forgive it again and say  
Forget your perfect life  
You say you want a better me, I say goodbye

We're going out,  
Shut off my phone  
Another missed call, you're tired to be alone  
Ain't the same without me

But anyhow, I'll be alright  
Cause that was then and this is now

Fuck this, I'm done  
Tryin' to be what you want  
Forgive it again and say  
Forget your perfect life  
You say you want a better me, I say goodbye

I should've listened when everyone told me  
You were nothing but trouble  
But I didn't really wanna see  
Now you're somebody else's problem  
And I thank God everyday that it's not me

Fuck this, I'm done

Tryin' to be what you want  
Forgive it again and say  
Forget your Werfect life  
You say you want a better me, I say goodbye

We had our fun, and now we're done,  
Enjoy your life  
You say you want a better me I say goodbye
