"Silent Morning"

I'm on fire, my emotions run so deep
You vowed to love me, is that a vow you keep?
Your smile is so tender
You'll not be sighing a sweet surrender

Your touch is so pleasing
Makes me warm inside
Makes me feel I'm alive

And I can't resist the heavenly bliss
The magic concealed in your kiss
Must realize what I see in your eyes
Takes me beyond the skies

Silent morning, I wake up and you're not by my side
A silent morning, you know how hard I try
Silent morning, they say a man's not supposed to cry
A silent morning, why did your love have to be a lie?

I'm on fire and you're my every desire
A living fantasy and you know just what to do for me
I love the things you do
Here open arms waiting for you

[Incomprehensible] whisper
Make me warm inside
Makes me feel I'm alive

And I can't resist the heavenly bliss
The magic concealed in your kiss
Must realize what I see in your eyes
Takes me beyond the skies

Silent morning, I wake up and you're not by my side
A silent morning, you know how hard I try
Silent morning, they say a man's not supposed to cry
A silent morning, why did your love have to be a lie?

And I can't resist heavenly bliss
Magic concealed in your kiss
Must realize what I see in your eyes
Takes me to paradise

Silent morning, I wake up and you're not by my side
A silent morning, how could our love have died? Silent
morning
