Sinners never sleep, wake up please, with me.  
I don't wanna be alone, take my heart, as yours.  
The haters are pulling me down.  
No sound I'm drowning, drowning.

Be, gotta be myself, gotta be, gotta be myself.  
No one else.  
Gotta be, gotta be myself, for a while.  
Gotta be, gotta be myself.  
I Gotta be, gotta be myself.  
No one else.  
Gotta be, gotta be myself, just for now.  
If I jumped in too deep,

Gave you all, of me.  
An accidental seas, catching tales, and dreams.  
Demons at my door.  
No sound I'm drowning, drowning.

Be, gotta be myself, I gotta be, gotta be myself.  
No one else.  
Gotta be, gotta be myself, for a while.  
Gotta be, gotta be myself.  
I Gotta be, gotta be myself.  
No one else.  
Gotta be, gotta be myself, just for now.  
My body ever knows everything.  
For the stars in the sky.
