Silhouette of emptiness, wrapped up in thought of
nothing less, my chest is
Pressed as I attempt to cross this bridge you're
building.

Limitations take control, show your cards and watch me
fall, this paper
Heart is lost in fire but I'm not burning.
I'm not burning.
I'm not burning.
I'm not burning.

I got a misty eye on you, thought that all your lies were
true.
I step aside after countless time of hurting.
You watch me stepping out the line, emotions bottled
up inside.
What am I to say? should I float away to nothing?
I'm still searching.

Vivid thoughts of metaphor, I climb for air you dig your
claws of course
I'm sure I'm way past the point of no returning.

I find my mind captive inside, painting pictures black
and white, that's
Alright, that's alright I'm not burning.

I got a misty eye on you, thought that all your lies were
true.
I step aside after countless time of hurting.
You watch me stepping out the line, emotions bottled
up inside.
What am I to say? should I float away to nothing?

Float on by, float on by, float on by,
Let the light winds move inside,
Line by line,
Monsters tread where angels hide,
Float on by misty eye.

I got a misty eye on you, thought that all your lies were

true.
I step aside after countless time of hurting.
You watch me stepping out the line, emotions bottled
up inside.
What am I to say? should I float away to nothing?
