Jag minns det som igr.
Fast det nu har gtt ett r.
Vi hade slagit AEK Aten i kval.
Nu var vi i Champions League.
Polisen var rustad fr krig.
Men den nda skurken var en domare med rutten moral.
This is fucking Champions League.
Vrlade Stuart Baxter.
This is fucking Champions League.
Allt var krt o hela livet knedes frstrt.
Efter Nebos fantastiska strut.
Trodde vi p ett lyckligt slut.
Men vi hade inte rknat med en domarskandal.
Alla ropa: Snuten frfan.
Nu fr ni plocka domarn av plan.
Och pgrund av den dren kommer vi inte g till final.
This is fucking Champions League.
Vrlade Stuart Baxter.
This is fucking Champions League.
Allt var krt o hela livet knedes frstrt.
2 ggr.
Kom igen nu allihopa!
This is fucking Champions League.
Vrlade Stuart Baxter.
This is fucking Champions League.
Allt var krt o hela livet knedes frstrt.
En gng till!
This is fucking Champions League.
Vrlade Stuart Baxter.
This is fucking Champions League.
Allt var krt o hela livet knedes frstrt.
