English Translation:

Where you are, I will be there too

Where you go, I will go there too

I smile for you every day, I pray for you

With thoughts of you, I fall asleep " I open my eyes
as I call for you

You protect me by my side and you embrace me

You are my heaven

* You're my only one way

Only for you " I am thankful that I am next to you

You're the only one babe

You taught me love in this harsh world " I am happy
with you alone

Heaven Heaven Heaven Heaven Heaven x2

If we're together we will never cry never never cry

Heaven Heaven Heaven Heaven Heaven x2

Forever, together " never gonna be alone

I breathe in your arms, we kiss in your arms

When I hear your voice, it feels like I'm dreaming

I can tell from your eyes, I can tell about your love

You are my heaven

* You're my only one way

Only for you " I am thankful that I am next to you

You're the only one babe

You taught me love in this harsh world " I am happy
with you alone

Heaven " my only person, yes the person who will
protect me

Any sadness, any pain â€” if only I'm with you
I'm not jealous of anyone else â€” hold my two
trembling hands
Because the reason I live is you

* You're my only one way
Only for you â€” I am thankful that I am next to you
You're the only one babe
You taught me love in this harsh world â€” I am happy
with you alone

Heaven Heaven Heaven Heaven Heaven x2
If we're together we will never cry never never cry
Heaven Heaven Heaven Heaven Heaven x2
Forever, together â€” never gonna be alone
Oh, so alone
