Verse 1

It's been 3 years since I first
Laid eyes on you
Now I wish I never looked
Your way no (mmm)
You stole my love
You stole my heart
You took my soul
That's the reason why I'm
Letting you go, woouo

Pre-chorus

I gave my love away
You said you'd never break my heart
You lied, you cheated on me
Now you say you want me back babe
You ain't got no chance

Chorus

Now I told you once before (no no no) I don't want you
here no more
I don't need you in my life
Cuz you made me sacrifice
All my time & all my tears (all my time)
Wasted so many years (no no no)
Time to make a brand new start
I'll be movin on

Verse2

I can't believe you cheated on me
Where was your head
(I hope it) was worth losin' me (mmm)
Don't want to hear apologies

Or I'm sorry so there is no need for you to speak
(mmm)

It's time that I move on
Forget I even knew your name
Don't call me anymore
Cuz baby we are through
I've had enough of you
