Baby don't cry  
Its all right  
Don't be sad got to hold on

Butterfly  
Travel alive  
Its easier said than done

Tighter the chord  
So much to wait for  
We can start all over again  
All over again

hmmm... Its a new morning  
hmmm... yeah yeah yeah ...  
hmmm... Its a new morning  
we can start all over again

Dry your eyes  
Realize  
I may fool you to be known

Breathe again  
Dream again  
Let the nightmare end

Face the wall  
Soften the wall  
We can start all over again  
All over again

hmmm... Its a new morning  
hmmm... yeah yeah yeah ....  
hmmm... Its a new morning  
We can start all over again
