Well, I wake up,
Without you here,
Without your eyes in my mind,
My very own hydrosphere,
O-o-oh,
I don't really care bout what you did to me,
Maybe your mind is just too shrewd for you to see,
That you eliminated me from your galaxy.
It's not like I'd swim the Nile,
Just to see your smile,
Maybe that last part was a bit of a lie...

I start a brand new day,
Go out and buy some sexy lingerie,
Try to drown your memory in lace,
To the one whose took your place.
I go to quickly check your horoscope,
Just enough today for some false hope,
All the soap in the world won't wash you away.
I go to bed, dream of your face,
It's fricking impossible to erase,
So I try to drown your memory in lace.

Well, My heart's in,
The guillotine,
Now that I know (that I know),
What you think of me,
Cuibono was it that you made your final declaration,
In response to their delegations,
And then decided to edit me from your galaxy.
I wouldn't walk the Sahara,
I've gotten rid of my dementia,
Okay so I'm still a bit of a fool,
Fool yeah yeah yeah

I start a brand new day,
Go out and buy some sexy lingerie,
Try to drown your memory in lace,
To the one whose took your place.
I go to quickly check your horoscope,
Just enough today for some false hope,
All the soap in the world won't wash you away.

I go to bed, dream of your face,
It's fricking impossible to erase,
So I try to drown your memory in lace.

I wouldn't walk the Sahara,
I've gotten rid of my dementia,
Okay so I'm still a bit of a fool,
Fool yeah yeah yeah

I start a brand new day,
Go out and buy some sexy lingerie,
Try to drown your memory in lace,
To the one whose took your place.
I go to quickly check your horoscope,
Just enough today for some false hope,
All the soap in the world won't wash you away.
I go to bed, dream of your face,
It's fricking impossible to erase (Go away!)
So I try to drown your memory in lace.

I'm trying, Your memory in lace
I try to drown your memory in lace
