I, feel it in the air tonight,
Your eyes, tell me something just ain't right!
You, treat me with your silky gloves,
We talk, about everything except for love.
I sense, perfume from the night before!
I pray, that someday you will cheat no more,
Again, you have caused my heart to bleed,
Still, you're the only one I need!
And I know that you don't care,
Yet I won't let you go anywhere!

Refren :

You will leave me, deceive me,
And find someone new,
But it's alright, I'll show you tonight,
That I still love you!

You Say, that somehow we have grown apart,
Well I, will lean to you with all my heart.
I'm strong, in every single day with you,
So why, can't we be happy just us two? !
I'm tired, of trying to convince you're mind,
That you're the one I thought I'll never find!
But soon, I guess we throw it all away,
Till then, I beg if you'll let me stay!
And I know that you don't care
Yet I won't let you go anywhere!

Refren x2

You will leave me, deceive me,
And find someone new,
But it's alright, I'll show you tonight
That I still love you!

You will leave me, deceive me,
but I still love you!
You will leave me, deceive me,
but I still love you!

Refren x2

You will leave me, deceive me,
And find someone new,
But it's alright, I'll show you tonight
That I still love you!
