Every days, it's dj smash
Everyday
Don't you know rule number one
Gotta make me feel wanted
Don't ever front it, front it
Many other guys wanna try, wanna die to jump on it
So baby tonight
I can't wait no longer
I've been here before
So baby tonight
Don't want this no longer
I'm letting you know, I'm letting you go

See it's all in my eyes,
Can't have so I pretend
Wanan tell the world how I feel about you
It's building inside,
I'm thinking of where we went
Running out of time
So I gotta cut through

So baby tonight
I'm letting you know, I'm letting you go
Baby tonight
I already know, I'm letting you go
Cause tonight
I'm letting you know, I'm letting you go
Baby tonight
I already know, I'm letting you go, go, go, go, go, go,
go, go

Don't you know rule number one
Gotta make me feel wanted
Don't ever front it, front it
Many other guys wanna try, wanna die to jump on it
Cause tonight
I'm letting you go, I'm letting you know
I'm letting you go.
