Looking back into the past so many times,
I know that what I've done just wasn't right
Now, I'm stuck here all alone with these regrets
Wondering if you'll come back to me again

I'm so sorry if I made you feel so blue
But there's only one thing I want you to do
Ooh

Come to me again,
Things will never be the same like they used to be
When I thought that love was just a game
Ooh

Come to me again
And I'll stop acting like a fool
I'm tellin' you it's true
I will make it up to you

Ooh

I can't imagine how I'll be without your love
After all the words I've said, and things I've done
There will never ever be another you
No one can kiss me the same way you do

I was blind, I just couldn't see the light
Now it hurts me whenever I see you cry
Ooh

Come to me again,
Things will never be the same like they used to be
When I thought that love was just a game
Ooh

Come to me again
And I'll stop acting like a fool
I'm tellin' you it's true
I will make it up to you

I just need another chance
To rescue what we've always had

I don't want this bridge to burn
I just want you to return back to me

Ooh

Come to me again,
Things will never be the same like they used to be
When I thought that love was just a game
Ooh

Come to me again
And I'll stop acting like a fool
I'm tellin' you it's true
I will make it up to you

I will make it up to you
