You thought I'd never realize, you thought I'd never know
But I saw you with another man, so this is how it goes
And after I showed you my love, now you treat me this way
Well, listen to me, listen good, I've got something to say

We're through, it's over, and now you're history
I didn't know you've been keeping this secret from me
We're through, it's over, there's nothing left to do
But pack your bags, and leave, 'cause now we're through

All this time I thought you've loved me, but it was all a lie
Instead of coming back to me, you found another guy

Oh, I'm just really mad, can't take it anymore
Don't want to see your face again, leave right out the door

We're through, it's over, and now you're history
I didn't know you've been keeping this secret from me
We're through, it's over, there's nothing left to do
But pack your bags, and leave, 'cause now we're through

I thought you were the best girl yet,
But you made a mistake you'll soon regret
You'll remember me when you're with your mate,
And you want me to forgive you,
But I can't, it's too late

We're through, it's over, ooh
Don't want to see you again
Leave right out my door, don't want to see you anymore
Don't want to see you again

We're through, it's over, and now you're history
I didn't know you've been keeping this secret from me

We're through, it's over, there's nothing you can do
about it
But pack your bags, and leave, because now we're
through
