Every shot I take's a miss
If that's what gets you through the night
There's no more lonely way to live
I will turn all of the tides

I might have to climb up past rock bottom
But you'll need a whole army to stop me

Don't apologize, don't apologize
I know I'm imperfect
Don't apologize, don't apologize
I know that I'm worth it
I don't need you to approve, I approve
So don't apologize, don't apologize
I know I'm imperfect

Every step I take's a trip
I won't let this weigh me down
Give me all you have to give
I won't carry it around

I might have to climb up past rock bottom
But you'll need a whole army to stop me

Don't apologize, don't apologize
I know I'm imperfect
Don't apologize, don't apologize
I know that I'm worth it
I don't need you to approve, I approve
So don't apologize, don't apologize
I know I'm imperfect

There's no weather that we're under
I took the rain I stole the thunder

Don't apologize, don't apologize
I know I'm imperfect
Don't apologize, don't apologize
I know that I'm worth it
I don't need you to approve, I approve
So don't apologize, don't apologize
I know I'm imperfect

Don't apologize, don't apologize
I know I'm imperfect
Don't apologize, don't apologize
I know that I'm worth it
I don't need you to approve, I approve
So don't apologize, don't apologize
I know I'm imperfect
