### Verse 1:

Tell me how we got here  
This room is filled with silence  
Not a single word is coming out  
We forgot what we were fighting about

### Chorus:

My voice over yours makes a louder noise  
We yell and we scream  
I can not believe that we got here  
How'd we get here  
That's what I feared  
My voice over yours makes a louder noise

### Verse 2:

We go through this misery  
It's more pointless than worth it to me  
We keep pushing each other away  
I don't think we'll be okay

### Hook:

I can't let this go on  
Every move we make just feels wrong  
I know it can be better than this

### Chorus:

My voice over yours makes a louder noise  
We yell and we scream  
I can not believe that we got here  
How'd we get here  
That's what I feared  
My voice over yours makes a louder noise

### Hook 2:

I'm gone and I'm not coming home  
Don't call, I won't pick up the phone  
I can't take this anymore

### Chorus 2x:

My voice over yours makes a louder noise  
We yell and we scream  
I can not believe that we got here

How'd we get here  
That's what I feared

My voice over yours makes a louder noise  
We yell and we scream  
I can not believe that we got here  
How'd we get here  
That's what I feared

Ending:  
Ohh,ohh, yeah  
How'd we get here
